Pleasant Grove Department

Council Proceedings

Important Business Transacted—City Purchases School Lot—Prohibition to Be Enforced—Mayor Reports Settlement of Water Case.

The city council convened in its regular session Monday evening, with the mayor and all the members in attendance.

Meas. A. H. Olpin, W. L. Hayes and J. S. Holdaway appeared in behalf of the parents' departments of the Sunday schools of the respective wards and petitioned for the attendance of the city marshal or a policeman at religious meetings, to enforce order, to see that children are off the streets at the hour prescribed by ordinance and to probe into the matter of sale and use of intoxicating liquors, as there is much need of action along the lines indicated. After some discussion the petition was granted.

James Peterson petitioned for the repair of the road on Fourth West street, north of the State road, which was placed in the hands of the street committee.

The water main was ordered extended to the residence of J. H. Newman, Jr.

Mr. Cruise, in behalf of the S. L. & E. R. Co., petitioned for 6,000 gallons of water per day from the water system for culinary and other purposes. The motion carried that the water be provided as requested during the summer of this year, at \$10 per month, and the superintendent of water works was authorized to install same at the expense of the railway company.

A petition was submitted asking for the issuance of a water certificate in lieu of one alleged to have been lost or misplaced, which was granted. This was thought by some to be a hazardous precedent.

The question was asked as to whether parties could draw water for irrigation purposes from a source other than that from which it has been distributed heretofore, which was decided in the negative.

A. K. Thornton & Son's petition for the privilege of installing a gasoline tank at the gutter in front of their place of business was granted, subject to the supervision of the street committee.

The appointment of M. S. Christiansen as deputy superintendent of water works during the indisposition of his father Alma was confirmed.

The chairman on city property recommended the purchase of the school buildings and appurtenances across the street north of the city all for a stipulation of \$1,000. The committee was authorized to close the deal and take over the property.

The mayor stated that the decree between the Battle Creek water between the irrigators and the city water system has been confirmed by the signature of Judge Morgan and is finally disposed of. He also reported that the county is willing to aid in repairing and keeping in repair the road through Bush lane to the lake.

The cemetery chairman recommended a clean-up at the cemetery, which was adopted. He also stated that the cemetery is unwilling to supervise and engage in this labor unless he is remunerated therefore aside from his regular salary.

The matter of properly handling the Battle Creek water by the Telluride company was referred to the water works chairman for investigation.

In conformity to the recommendation of the irrigation committee, the following sub-watermasters were appointed for the season: Irving Johnson, Andrew Olson, Omer Larson, Alvin Carlson, C. B. Harper and John P. Hayes.

Appropriations were made aggregating \$375.

WILL CARE FOR FIRST CROP.

An enthusiastic meeting of the Pro-Bench Commercial Club was held Tuesday night at Parcell's Hall in two benches, many matters of importance were taken up and discussed. The club is now working hard to get the fruit crop this year, and it appears as if they are going to be successful in their efforts, for the railroad people and commission men have agreed to right to work and make arrangements to take care of this year's crop. Next Wednesday night a big social will be held at Parcell's Hall. It will be free to everybody, and dancing, refreshment and a general good time will be the order of the evening.

Interurban Completed In One More Week

Will Be Electrified and Hauling Passengers About July 1—Gasoline Cars to Linden in Two Weeks.

Mr. A. W. Malone was in Linden on Monday making arrangements for hauling places for about thirty or forty men, who will be here in ten days, erecting poles and stringing wire. The electric current that will operate the interurban cars. He has about 150 men working under him here and Salt Lake City, erecting poles and stringing wire. He says the work will have been completed by the middle of June, and soon thereafter the electric cars will be running.

The company will erect two substations for the purpose of reducing

the current from the high voltage as it comes from the power plants of the Utah Power & Light company. One of these stations will be located in Linden and the other in Bluffdale, Salt Lake county.

A gang of men this week put in a switch at Linden. In a few days the company will commence surfacing and evening up the track from American Fork, and when this is completed as far as Linden the cars will run from this point to Salt Lake City, or at least there will be cars in the morning and evening.

The rails are laid to the middle of the Bench now. They are also laid from Provo to the river, so that within another week the track laying should be completed from Provo to Salt Lake City, and by July 1 the electric cars should be in operation.

The train of Japs was this week moved from Pleasant Grove to Hoods on the bench.

BAND DANCE.

The Pleasant Grove Silver Band will give a grand ball in the Orpheus Hall next Friday, May 15. The boys have been doing a lot of hard work to improve the standard of their music. They have been making good progress and should have a big patronage at their party. There will be twenty-five pieces in the band that will supply the dance music.

The boys will advertise heavy in Lehi and American Fork and expect a large excursion party from these towns.

M. I. A. Contest

Many Take Part and the Prizes Go to All Towns Competing.

Seldom has there been so many people in the Tabernacle as were present last Sunday night at the M. I. A. contests of the Alpine Stake. Every seat was occupied, and many stood up in the aisles and in the rear, through the long program.

The parts were all of a high class and we predict that some contestants will go to the final contest in June, which will be held in Salt Lake City. The successful ones Sunday night will contest in Provo next week.

The program follows. The names of those being awarded prizes are printed in blackface type:

Girls' Chorus—Lehi First Ward.
Double Mixed Quartette—American Fork Third Ward.

Senior Retold Story—Miss Edna Sharp, Lehi Fourth Ward.

Solo—Miss Clarinda Holman, Manila.
Solo—Miss Evelyn Bushman, Lehi Second Ward.

Ladies' Quartette—Lehi Second Ward.
Oration—Bryan West, Pleasant Grove Third Ward.

Solo—Sven Nelson, Pleasant Grove Third Ward.

Junior Retold Story—Miss Vera Stewart, Lehi First Ward.

Junior Retold Story—Miss June Ogden, Linden.

Junior Retold Story—Miss Clara Hunter, American Fork Second Ward.

Junior Girls' Chorus—American Fork First Ward.

Solo—Mrs. F. L. Hickman, American Fork Third Ward.

Retold Story—Joseph Olpin, Pleasant Grove.

Duet—Mr. and Mrs. F. L. Hickman, American Fork.

Ladies' Mixed Quartette—Manila.

The judges had great difficulty in making several decisions, and in some instances it is just possible that if an appeal had been taken to the audience the judges' decisions might have been reversed.

On the whole the big audience was delighted and the contests will be productive of great good.

Probably four hundred people came from Lehi and American Fork.

Canning Co. Organized

To Erect Building at Once and Can Fruit This Fall.

This week the Pleasant Grove Canning company was organized with a capital stock of \$20,000. The shares having a par value of \$10 each.

The officers are A. E. Cooper, president; C. G. Johnson, vice president; Alex Thornton, secretary and treasurer. These with Wilford Warnick and J. R. Halliday constitute the board of directors. The articles of incorporation will be filed in a few days.

The intention is to erect the plant just north of the packing plant on the west side of the Salt Lake Route. Machinery for a plant of a limited capacity is already on hand and will be used to pack this fall's fruit crop.

Work on the building will be commenced right away, and it will be of sufficient size to accommodate machinery of double or triple the capacity of that first to be installed.

It is expected that next year additional outside capital will be secured and the plant enlarged so as to can tomatoes and vegetables as well as fruit.

No better location than the one proposed could be selected. It has good drainage, plenty of pure water, is on a transcontinental railroad and right in the center of the best fruit and tomato section of the state.

BALL SEASON OPENS.

League baseball will have its opening for the season at Central Park next Wednesday. The first game will be between Central Park and Benjamin.

Central Park has a better team than it had last year and should commence its winning streak right from the beginning.

There is a good sentiment in the district for the home team, so that the boys expect a good support the coming season.

War in Manila

Wednesday there was trouble between the Youngbergs and the Renschels in Manila, and it may yet require the services of the county sheriff to settle the difficulty. One of the families are Germans and the other are Scandinavians. Several versions have come to us, but from an independent source it appears that some dead kittens were seen in the ditch from which a number of families obtain culinary water. They had been there for several weeks.

J. W. Youngberg accused Herman Renschel of having thrown them in the ditch and demanded that the latter take them out. Renschel replied that he did not put them there; that he was from Germany, and that no Danishman could make him take them out. To emphasize his meaning he struck at Youngberg with a hammer and the latter avers that he was hit on the breast.

A few moments later the men came together again, and Youngberg says that his German friend attacked him with a picket. In the melee that followed, each trying to get possession of the picket, Renschel was knocked down and he asserts hit with a rock, but a bystander says not.

The German threatens to get the sheriff. We don't know what became of the kittens.

From another source it would appear that there was some truth in the old man's story, as we learn that he was considerably bruised up, requiring a good application of liniment to relieve the sore spots.

FANNY BAKER HILL BURIED IN PLEASANT GROVE

Sunday, at 12 o'clock, funeral services over the remains of Mrs. Fanny Baker Hill were held in the Tabernacle. Bishop E. D. Olpin conducted the exercises. The other speakers were C. B. Harper, Alexander Bullock, Joseph Coulson and F. C. Banks.

Mrs. Hill was a resident of Pleasant Grove for forty years, but for the past nine months she has been living with her daughter, Mrs. Sadie Pugh, in Salt Lake City, in the Eleventh Ward, where she died last Friday.

Mrs. Hill has a number of relatives here and a host of friends. She was nearly 80 years of age.
